Since the advent of Desktop publishing many businesses are producing their artwork themselves. Often we become so absorbed with the design of our ads that we forget the most important aspects eg:

- **Is the text easy to read at a glance?**
- **Are my contact details prominent enough?**
- **Does the illustration/logo or photo represent this business?**
- **Are the fonts also representative of this business?**
- **Do you have your opening hours, telephone, email, Facebook and website details correct?**
